DEDICATION

In previous years, the Trojan yearbook paid special tribute to a particular person. However, this year, we have two such persons to whom we take great pride in dedicating the 1968 TROJAN Yearbook.

This past September, Mr. Joseph Hmel celebrated his 25th year of teaching here at North Catholic.

During that same month, Bro. Joseph Einloth observed his 50th year as a member of the Society of Mary. To You—Mr. Hmel and Bro. Einloth—the student body of North Catholic High School, are honored to dedicate this 1968 Trojan.

We gratefully join with your many friends, associates, and students past and present, in congratulating you on your anniversaries and in wishing you both continued success and happiness in the future.

WHAT IS

Tradition is deeply embedded in the heart and history of North Catholic High School. North, along with her former graduates, has bestowed a richly rewarding spirit upon us. We, the Students, have gathered their gifts and now are pursuing our goals. We have continued the living monument and have striven to perserve and to promote our school's general excellence.

North Catholic, through the years, has not changed in her basic purpose. Meeting the challenges of the modern world, she has become a recognized center for academic and social development. This attainment has been the result of the steady fostering of ideals and the improvement of facil-

A TROJAN

ities so important for progress.

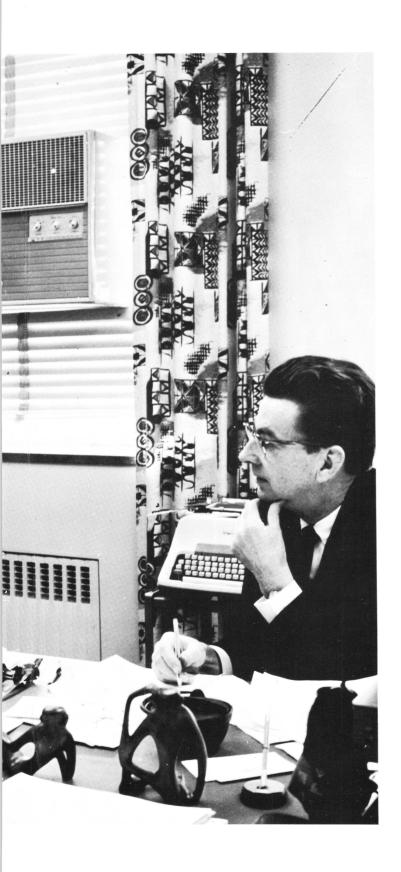

The student body of 1968 is living in a renewed North Catholic ever changing with the times. A newly rekindled flame burns brightly among her students. Her countenance has projected a modern image to a modern people. However, these progressive developments are merely additions to a longstanding tradition. No change, or improvement can ever alter the fact of a Trojan's quiet pride in the heritage of his school, a heritage composed of effort and achievement.

The 1968 Trojan alive and flowing with spirit, presents the story of North's progress to you ...

Class Of 1968

The Senior Section is devoted, of course, entirely to this year's graduating class. A Senior is not merely a seventeen year old young man at North Catholic but also a combination of a fourteen year old freshman, a fifteen year old Sophomore, and a sixteen year old Junior. Within these four years, a student is subject to many changes. He is tempted with "plus fives," punished with the "Kootzie" and instructed in the trials of the "Human Situation." Also, this year's Senior has been confronted with more tradition breaking reforms than any of his scholastic ancestors. He has been used as a Guinea Pig for "Individualized English." He has experienced an "Industrial Revolution" in the cafeteria. Furthermore, he has been a member of the first class to perfect not only a "cancer" but also a "Banlon" club during his stay at North Catholic. In view of all these influences, how could anyone hope to regain his personality, let alone his sanity? Therefore, the following are the end product of the mass hysteria which was North Catholic. So here they are-"The Class of '68." . . .

SENIOR CLASS REPRESENTATIVE Frank (JUDD) Elder

VALEDICTORIAN James Schlereth

... we are embarking upon a new life for which we have been adequately prepared in an environment of solidarity and maturity. Four years of study, of friendship, of waiting, are about to be tested. These years have seen changes in our school, but more important are the changes within us. We are now ready to advance on our own ways, to achieve our own goals.

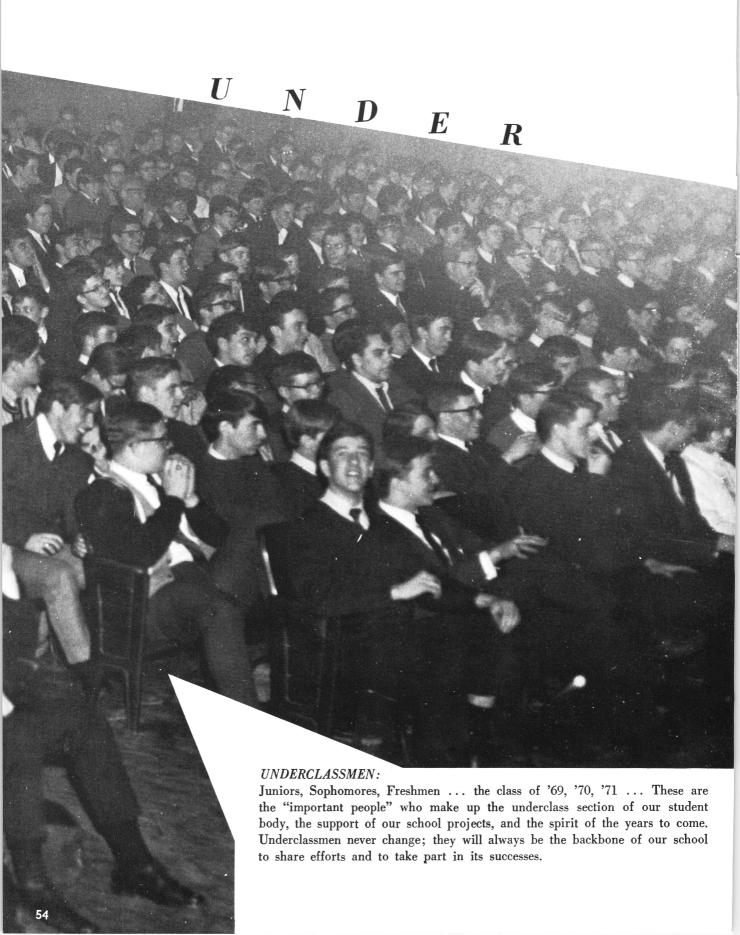

North Catholic, we shall remember you always, but more than that, we ask that you remember us.

Bob Mongillo crashes through Serra's line

Desire was the key to the Trojan's successful season. Sparked and inspired by the strong support from the student body, the 67 Trojan Football Team battled to a 6-2-1 record. Throughout the season North showed an uncanny ability to take the early lead and then dominate throughout the game. Although North was not graced with a championship this year, many other noteworthy factors highlighted this season. Perhaps the most praiseworthy of these factors was the selection of Bill Bender, Tim Rowlands, Denny Miller and Tom Wyszomierski to the All-Catholic team. Pat Finnegan, Ray Kroniser and John Laquatra received honorable mentions. All in all, this year the Trojan Eleven showed the combination of dedication and ability which always has been and always will be the things that make the Trojans a respected football team.

Football '67

6-2-1

HAR-BRACK

In the first game of the '68 season, the Trojans thoroughly thrashed the Har-Brack Tigers. The final score, 41-6, was a result of the scoring of Tim Rolands, Tom Wyzomerski, and Gil Lema.

WASHINGTON

North, due to lose ball-handling and four lost fumbles, stalemated its second game 20-20.

SOUTH

North again played host to the Rebel jinx and lost a heartbreaker 19-7.

SERRA

North did a fine job of coming back from the defeat to South by playing some real football. The Trojan eleven piled up 432 yards against the Eagles to bring North its second league victory 46-0. (Isn't that a good margin?)

CANEVIN

In a hard-fought contest against a determined opposition, North faced the Crusaders in a statistically close game. However, North broke loose in the second half, winning by a score of 20-7.

BOYLE

In grasping its third straight victory, North smothered the Boyle Lancers 27-6. After slow first and second quarters, the Trojans broke lose in the second half for four touchdowns. The only Boyle score came in the final seconds of the game.

GREENSBURG

Our seventh game is hereby dedicated to our stubborn defense who deprived the Centurions of a score till the fourth quarter. With this game North walked off with its fourth consecutive win 20-6.

MON-VALLEY

Despite the discouraging weather, the Trojan eleven pulled another victory by thoroughly mauling Mon-Valley 27-7. 6-1-1.

Throughout the '67-68 basketball season, the Trojan Hoopsters played with a renewed spirit. Game after game, the organized team earned victory from the hands of opponents through their developed skills. These skills were put to the test many times throughout the season when there was almost no possibility of winning. Our players always came through by showing their best when the outlook was bleak.

By far, the finest example of our team making a come back was their relentless spirit after losing three of the first four games. After these losses, the Trojans were nearly out of contention for the league title. Then North got tough! The team bounced back for a shot at the once far away title by winning six games straight. Student backing soared upwards which brought a sellout crowd to the game against the league leading Canevin Crusaders. In that game we were squeezed out of contention by a heartbreaking one point loss.

This season, the basketball team again proved by fine sportsmanship that they can always be counted on to uphold the tradition of North Catholic.

The backbone of this year's team could reside in this fielder, Tony Hackimar.

FRONT ROW: F. Marsico, T. Hackimar, G. Cornprobst, J. Burnett, G. Vogin. SECOND ROW: Coach: Mr. George Sprys, J. Schubert, T. Tutchko, R. Marasti.

BASEBALL TEAM: FRONT ROW: F. Marsico, R. Rieck, A. Hackimar, J. Lutz, J. Bixby, G. Vogrin, Mgr. E. Rooney. BACK ROW: G. Cornprobst, J. Schroeffel, L. Lutz, T. Warmas, T. Lipello, J. Schubert, E. Zmuda, T. Tutchko, J. Burnett, R. Marasti, R. Birby, Coach: Mr. George Sprys. ABSENT: T. Baginski, A. Balawejder, Mgr. R. O'Toole.

Our baseball teams here at North have traditionally been somewhat less popular than both the basketball and the football teams. (Who ever heard of the North-Central Baseball Rally!) However, this year's team deserves the eye of every Trojan. Usually, the graduation of five veterans would spell tragedy for any high school baseball team. But due to the experience of pitchers J. Schubert and T. Tutchko, and the fielding of Gary Cornprobst, John Schroeffel, John Burnett, Tony Hackimar, and Tom Baginski, North fans are going to be treated to a really great season.

Cross Country

This year North's cross-country team failed to capture any titles in league competition. However it made an excellent showing against the other area Catholic High Schools. Ken, "The Flash," Balkey set a record of 11 minutes, 24 seconds which stood through the entire summer. The majority of the cross-country team is a group of unseasoned underclassmen.

The whole team will return next year with the exception of Ken Balkey and Tom Blumer. They are garduating this year.

FRONT ROW: D. Kupetanovic, R. Sprys, D. Sodorski, D. Balkey, R. Froelich, E. Wodcjichowski. SECOND ROW: P. Milfried, F. Krohe, T. Reinhart, T. Blumer, M. Muenz, H. Hart, R. McGrath, K. Grinder, K. Balkey.

T. Blumer, L. Sodorska and D. Balkey start off in a practice race on our home field.

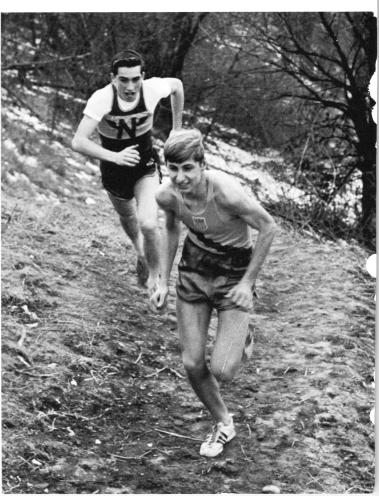

R. McGrath and K. Balkey finish one ... two in a meet at Riverview Park.

 $K.\ \ Balkey \ \ prepares \ to$ run.

T. Blumer the only other senior member of the team.

GOLF TEAM MEMBERS: Moderator—Bro. Gensler, J. Costentino, R. Klug; R. G. Hofmann Jr.; R. Pappa, K. Pelland.

After settling for second place in '66 the Trojan golf team came back strong in '67 to bring the golf championship back to North. Brother Gensler, as coach, has five starters coming back this year which makes North a strong contender to win the championship.

The seniors on the team are Rob Hofmann, Bob Pappa, Kirk Pelland, and Bob Klug. The only junior member is Jim Constantino. Three hot team prospects this year are Jim Bailey, Mike Lindow, and Ernie Beardsley.

The two finalists in the '67 Diocessan playoffs and the backbone of this years team are Bob Hofmann and Kirk Pelland.

North's life is enriched

... by the variety of activities in which students may participate. Many innovations in activities have appeared during the last four years at North. Stag nites, Freshmen and Sophomore Dances, Junior Christmas party—all these and more have been added to make the Trojan a more rounded, balanced person. Progress and new ideas in the field of school activities will, we hope, continue. For by taking part, the North Catholic student belongs to that which is North Catholic.

Art Club

The able and willing members of the Art Club have, for many years, helped promote school spirit as well as produce fine art students. The club, to promote spirit, has made witty and colorful spirit ribbons for athletic events. In addition, they have created posters for the dances, drives, and all the other activities. Besides promoting school spirit, the Art Club works hard to enter the annual Scholastic Art Exhibit at Kaufmann's.

Math Honor Society

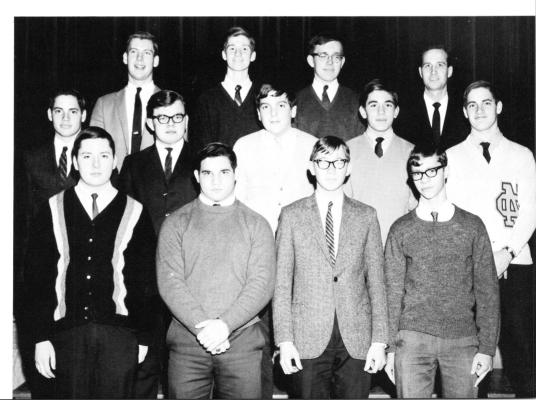

The basic activity of the Math Honor Society is the diocesan lecture series. It is rumored that of all prospective mathematicians who enter the Society, 70% switch their occupational choice to Spanish sheperd. This is due to the sheer boredom encountered at the lectures. So, the basic requirement for membership is self-discipline and the mathematical ability to sleep through any given situation.

Of all promises made during last year's election, perhaps the one most faithfully carried out by this year's class officers was that of an expanded intramural program. Aside from the usual intramural sports of basketball and volleyball, this year's student body was favored with many more such sports. Most well accepted of these added sports was the long sought after tough football, and intramural ping pong tourney. This year's intramural program was a fine example of another job well done by the Class of '68.

It is the hope of the Junior-Senior B-Ball Committee that these games will become an annual event.

The TROJAN NEWS doubted its success. \$3200 had to be raised within two weeks to publish it. The Communication Arts Department, for the first time, had taken it under the department's expanding power. Despite the pessimism of the faculty over its very exisence, C.A.D. established the 12:20 Photo-Journalism class. It was to be created within a deadline of four short months!--MISSION IMPOSSIBLE! The staff and editors worked feverishly to make the March 7th deadline. The big IT, if you haven't guessed by now is the 1968 TROJAN.

The only word that can best describe this creation is that the 1968 TROJAN is *DIFFERENT*.

Yearbook Success Still In Question

December 11, 1967—To this date, our date of printing, there is still no certainty about the success or failure of the 1968 yearbook. Originally, 600 subscriptions were necessary to stay in the black, and the students were given one week to come up with their \$6.50. Since only 250 books were paid for in this week, Mr. McInerny, who teaches the photo-journalism class, requested and received a one week extension from the printer. This week boosted the subscription tally to exactly 402.

Business Manager, Joe Muick explained to this reporter that the 402 subscriptions supplied ample funds for the basic cost of the Trojan, but that the entire bill could not seemed quite pessimistic about the year-book's success and, in closing said, "I have no intention of selling shoe-strings on the street for the yearbook."

Where will all the people go, In what reasons can so many soldiers develop, At another time to build, into what future of a culture will today become, grow, and unfold a coming land? All the pictures, a kaleidescope of faces, the collection of a year; all events, all captured happenings, possessing all behind their smiles, a prophecy, a generation's words of meaning; they could speak of possibilities and hopes, of resolution; they could reveal the finest powers, greatest chances, of endurance; there may shine a glow that will refuse to be defeated, of greatness. Here could be a generation to attain. Beneath the picture, a silent power, under an action, arriving, goals; there are few limits to wrap so many minds in; there is no clear translation of the promises they hold, -Don DeTemple
